

August 11, 2022

The Honorable Paul Feiner  
Supervisor, Town of Greenburgh  
177 Hillside Avenue  
Greenburgh, NY 10607

**PIN 8010.80  
ROUTE 9 FROM SLEEPY HOLLOW TO HASTINGS  
COMPLETE STREET PRELIMINARY ENGINEERING  
WESTCHESTER COUNTY**

Dear Supervisor Feiner:

I am pleased to inform you that the New York State Department of Transportation (NYSDOT) is preparing to start the preliminary engineering phase on a project to evaluate the Route 9 corridor for, but not limited to, a review of safety, bicycle and pedestrian improvements, and connectivity in the Towns of Mount Pleasant and Greenburgh; Villages of Sleepy Hollow, Tarrytown, Hastings-On-Hudson, Irvington, and Dobbs Ferry.

The NYSDOT has started the process of procuring design consultant services. The process includes submitting a request for consultant services, advertising, selecting the consultant team, undertaking negotiations, and contract award. This process of awarding the consultant contract takes a minimum of six (6) months, and up to 12 months. At this time, it is anticipated that the design consultant will be on board in spring 2023.

Once the design consultant contract is awarded, the project team will schedule a kick-off meeting, develop a project schedule, and implement a public outreach plan. The deliverable of this project will be a Project Scoping Report/Final Design Report (PSR/FDR) and pertinent Right-Of-Way information. It is estimated that the preliminary engineering phase will take 18 months once the design consultant contract is awarded. Completion of this effort is anticipated in winter 2024.

For questions or additional information, please contact Jenny Baez, Design Project Manager, at (845) 431-5857 or [Jenny.Baez@dot.ny.gov](mailto:Jenny.Baez@dot.ny.gov).

Sincerely,

Mark J. Tiano, P.E.  
Regional Design Engineer

cc: Senator Stewart-Cousins
